VESTAS ESTONIA OÜ

Official Declaration of Compliance & Partnership

Vestas Estonia OÜ, legally incorporated in Tallinn, Estonia (Reg. nr. 16522545), hereby issues this Official Declaration to certify the status, compliance, and partnership of the “Vestas Romania” initiative. The “Vestas Romania” project is a strategic micro-investment initiative in renewable energy, developed and operated under the direct supervision of Vestas Estonia OÜ and aligned with the broader Vestas EU network. All operational processes, financial flows, and documentation fully adhere to the standards of the European Union and are conducted under the licenses and compliance framework of Vestas Estonia OÜ, including full implementation of KYC, AML, and GDPR policies as well as ISO 9001 and ISO 27001 standards. The Vestas Romania platform serves as an informational and facilitation channel for European green energy micro-investments and does not operate as an independent financial institution in Romania. Therefore, it does not require a local ASF license, as all regulatory oversight is managed by Vestas Estonia OÜ. This declaration is issued to confirm that the Vestas Romania initiative remains committed to full transparency, compliance, and alignment with the highest EU standards.
