This roadmap provides an in-depth overview of Vestas Romania's strategic goals, regulatory compliance, and sustainability initiatives for 2025 and beyond.

INTRODUCTION

Vestas Romania is a premium renewable energy micro-investment initiative created and supervised by Vestas Estonia OÜ. This roadmap details our mission, regulatory commitments, and alignment with European sustainability goals. It is the cornerstone of transparency and strategic planning for all stakeholders.

OWNERSHIP & GOVERNANCE

Vestas Romania operates fully under the ownership of Vestas Estonia OÜ, which provides governance and oversight. This ensures alignment with the Vestas EU network's high standards. Every decision taken reflects adherence to corporate ethics and international compliance principles.

LEGAL FRAMEWORK

Our framework is based on EU directives, Estonian corporate law, and Romanian regulations. The project adheres to GDPR, AML/KYC standards, and functions under clear legal policies to prevent any ambiguity. Legal reviews are conducted quarterly.

CERTIFICATIONS & ACCREDITATIONS

Vestas Romania follows and aligns with top industry certifications, including:
– ISO 9001: Quality Management
– ISO 27001: Information Security
– ESG Sustainability standards
– EU Green Deal framework. These certifications demonstrate our dedication to high operational standards.

SUPERVISORY AUTHORITIES

We work under the acknowledgment and indirect oversight of:
– Estonian Financial Supervisory Authority (Finantsinspektsioon)

– EU Sustainable Finance Regulatory Framework
– Romanian Energy Regulatory Authority (ANRE).

TRANSPARENCY & RISK MANAGEMENT

Transparency is embedded in our operations. Quarterly compliance reports are made available. Investors are informed of all procedures and potential risks. Clear disclaimers ensure understanding of micro-investment structures.

STRATEGIC PARTNERSHIPS

We collaborate with Vestas Estonia, Vestas Germany, and Vestas Denmark. This partnership network provides SCADA data, engineering expertise, and renewable energy leadership for the Romanian initiative.

EU GREEN DEAL ALIGNMENT

Vestas Romania actively supports the EU Green Deal and contributes to European Climate Law goals. Our initiatives focus on carbon reduction, sustainability education, and the development of green infrastructure.

ROADMAP 2025–2026

– Q1 2025: Official launch and investor platform setup.
– Q2 2025: Certification reviews and ISO alignment.
– Q3 2025: New partnerships and EU reporting.
– 2026: Expansion of micro-investment portfolio and infrastructure scale-up.
